

PRÁCTICAS LABORALES

Esta carta es solo un modelo de lo que es una carta de motivación. No es para que la copies literalmente. La carta debe de hablar del tipo de prácticas que te interesan, tu experiencia/estudios en ese campo/sector y los objetivos que deseas alcanzar con las prácticas.

Nombre y Apellidos

Dirección

Dear Sirs,

I am interested in applying for a scientific research summer internship position in your company.

I have had a great deal of laboratory experience in chemistry, biology, and geology, both indoors and in the field. In the lab, I have performed chemical reactions and I am currently using microscopes to observe many specimens. In environmental field studies, I have conducted outdoor labs to assess water chemistry.

Last summer, I worked as conservation assistant at London Zoo. I am seeking to complement this outdoor experience with a research INTERSHIP in order to acquire the background necessary for a future CAREER in scientific research.

I believe that I would be an asset to your program. This internship would provide me with the ideal opportunity to assist at your organisation and to expand my research skills.

I look forward to speaking with you.

Thank you for your consideration.

Yours faithfully,

FIRMA
